## Flexible, Professional & Innovative

PSPS is a Local Authority Trading Company which delivers a wide-range of services, including Procurement & Contracts, to Local Authorities, and the wider Public Sector. PSPS Procurement has a professional and qualified team that can provide a wide range of Procurement & Contracts services within the Public Sector.

### How we can support you

**Fully Managed Service** – Develop and proactively manage the Contracts Register, provide specialist procurement and contractual advice from project inception through to contract award/contract management, and develop and maintain procurement strategy and policy documents.

**Ad-Hoc Procurement Projects** – Support with one-off projects, ensuring a fair, open and transparent process.

**Training and Development** – Standard and bespoke programmes covering, but not limited to, Specification Writing, Contract Management, and Procurement Regulations.

**Consultancy** – Expert advice including, but not limited to, Contractual issues, updates to Contract Procedure Rules, Procurement Strategies.

We provide a modern, innovative approach to Public Sector Procurement, with the ability to tailor our approach to your specific requirements. This includes incorporating social value into the process, as well as achieving best value for money through ethical and sustainable procurement.

### What others have to say

*"Since their inception, the PSPS Procurement & Contracts team have provided a fantastic service, providing professional advice and managing processes from start to finish, ensuring it is as simple as possible not only for us, but also for suppliers. The team were flexible and responsive to our needs, and also provided vital contract management support to assist in resolving a problem. I would recommend PSPS Procurement & Contracts to any organisation requiring Public Sector Procurement services."*

Assistant Director – Corporate, South & East Lincolnshire Councils Partnership
